Kasandra Anderson	2016-12-02 21:06:16 UTC	<input type="button" value="Edit"/>	<input type="button" value="Delete"/>

Steps to reproduce:

- 1) Selected the “delete” option for jonathan coco... this should have executed the following code:

Index.html file:

```
<td>
  <form action='/users/<%=user.id%>' method='DELETE'>
    <input type='submit' value='Delete'>
  </form>
</td>
```

User_controller.rb:

def destroy

```
@user = User.find(params[:id])
@user.destroy()
```

```
redirect_to '/users'
```

```
end
```

Available Routes:

```
